

Bug in Your Ear

Volume: 2018-2019

Edition: #1

Our First Year

Our inaugural year was all about discovery and getting things in place. We concentrated on ways to get the news out about our funding opportunities. We gained a better understanding of youth and wellness ministries, and their needs that allowed us to think outside the box. This enlightenment will allow us to fund projects that are creative, innovative, and outside the norm. Projects will only be limited by the applicant's imagination. Possibilities are endless.

Also, during the discovery period, we discovered there is a real need in school classrooms. To address that need, we expanded our mission to include an educational component. These grants will provide funding to teachers at under-performing schools to assist in professional development, learning materials, and classroom supplies. The classroom educator grants are only available to schools in North Carolina and Florida.

Our Second Year

This was an exciting year! We kicked off the second year in January 2019 with a full grant cycle that ended March 31st. Our first grant was for a youth ministry, and was awarded to Kicking for Christ in Burlington, NC, under the guidance of Pastor Ricky Alexander. We were honored to be a part of their ministry and be given the opportunity to make a difference in the lives of the youth they serve.

Planning

Ladybug Giving is planning for its 2020 grant cycle. Ministry and Classroom grant applications will be accepted from January-March. Ministry grant applications should focus on health and wellness, and youth programs. Classroom grants are awarded for professional development and learning tools.

Don't only think outside the box, construct a new box!

Who Said it and Where?

"Are you still sleeping and resting? Enough! The hour has come. Look, the Son of Man is delivered into the hands of sinners. Rise! Let us go! Here comes my betrayer!"
